

## ***ICARUS – Track 3. Eye of the Storm***

---

### ***Verse 1:***

Abandoned hearts, soul denied,  
Poppin' 'Es' just to feel alive,  
Big brother watching across the fence,  
Lost the plot, haven't seen it since.

Point-counterpoint - back and forth,  
What's the cost – what's it worth?  
Shakin' hands, shakin' fists - resist,  
How long can this go on?

### ***Chorus: Chorus:***

Eye of the storm - at the mercy of the hurricane,  
Eye of the storm - gotta heed the warning,  
Eye of the storm - Jac be nimble, Jac be quick,  
Eye of the storm - who's the last one standin'?

### ***Verse 2:***

Iron curtains from colder wars,  
Now we hide away behind closed doors,  
Love of brothers collecting dust,  
Who to turn to – who to trust?

Aim at us, we aim at you,  
I don't agree with your point of view,  
If it bleeds it leads these days,  
Shake it up - that's the way.

### ***Chorus:***

### ***Bridge:***

Is this our legacy – inevitability?  
Stand down – we gotta see it through,  
How we gonna keep on livin', if we're unforgiven?  
Sticks and stones may break me.

***Killer Instrumental Break and Guitar Solo:***

***Verse 3:***

Armageddon at the door,  
Another day on the killing floor,  
Innocence, so sublime,  
We're outta time.

***Chorus:***

Eye of the storm - at the mercy of the hurricane,  
Eye of the storm - gotta heed the warnings,  
Eye of the storm - Jac be nimble, Jac be quick,  
Eye of the storm - who's the last one standin'?
